100	Max See CNC Sinker EDM With Belmont Control, Model P26+E60	Includes Belmont Technologies Control Cabinet S/N 00AB126133 And Max See No. 000007, 220-240V 60Hz Input, 60A Power Supply, Grasslin Hour Meter Showing 5,053.88 Hours, Dielectric Tank With Paper Filter, Pendant Control, Ram Head With Magnetic Chuck And Assorted Tooling

101	Max See CNC Sinker EDM With Belmont Control	<p>Manufacturer: Belmont Technologies (Cleary Developments Inc.) Serial Number: 97IB13604 Power Supply: 75 A Input: 220 V, 3 Phase KVA: 8 kVA Machine Features Control Panel: Large screen with function keys (F1–F7), numeric pad, cycle control buttons. Analog meters for gap voltage and working current. Emergency stop and safety interlocks. CE-marked (for European compliance, meaning it was likely marketed internationally). EDM Head / Work Tank: Marked MAXXCUT 136 (likely Belmont's branding for this model). Heavy-duty vertical ram for graphite/copper electrodes. Work tank with dielectric system, circulation gauge, and accessory controls. Capacity &amp; Power: Requires 220V 3-phase, 8 kVA draw (~20A service). Larger than the previous (lot 100) you showed (which was 7.5 kVA). Suited for medium-to-large cavity sinking jobs.</p>
102	Xermac X-20 Sinker EDM	<p>Model: X-20 Serial No.: 473 Voltage: 460 VAC Phase: 3Ø, 60 Hz KVA: 2 KVA Manufacturer: Xermac (Royal Oak, Michigan). Work Tank &amp; Ram Head Standard dielectric oil tank. Vertical ram electrode holder. Large Xermac X-20 logo front panel. Digital Readout (DRO) Attached Sargon Technologies "Gold Standard" DRO for X &amp; Y axis tracking.</p>
103	Xermac EDM HP-60 model.	<p>Model: HP-60 Serial No.: 625 Voltage: 440 VAC Phase: 3Ø, 60 Hz KVA: 6 KVA Control Panel Features Servo Controls: Gap and velocity adjustment knobs for spark stability. Digital Meters: Displays for electrode voltage and peak current. Polarity Selector: Positive / Negative for different electrode materials. Peak Current Selector: Toggle switches for various amperage ranges. Cycle Controls: On/Off toggle, sensitivity dial, emergency stop. Patents Listed on Nameplate: Indicates design innovations around EDM power supply and servo circuitry.</p>
104	Elox Sinker EDM Model 6-1407	<p>Manual Ram-Type EDM On Bench Stand, Enclosed Work Tank With Removable Panels, X-Y Cross Slide Table With Handwheels, Anilam Wizard Dro, Dial Indicator Mount, Electrode Spindle/Chuck, Power Leads And Cabling, Colt Industries Elox Division, Type 6-1407, Serial 004166</p>
